- Maximum class size is 20 students. Class registration is on a first-come, first-served basis.
- Registration begins the first day of each semester and ends two business days before the first class meeting (Five business days before for all Lifeguard

- Please register using our online purchasing, or at the Service Center desk in the lobby of the Rec Center. Please have the section number, name, and date of the class you want to register for, so you are enrolled in the correct section. Participants are responsible for verifying that they have been enrolled in the correct course. The Service Center accepts cash, credit card (MasterCard, Visa), RamCash, and check (with a valid driver's license).
- Classes that do not hit minimum enrollment will be canceled. All participants will receive a full refund if the class is canceled for enrollment reasons. If a class is full, you can join the wait list for free. If a spot opens and you are the next wait list person, you will be contacted via email as long as the Service Center has your most accurate email address.
- Pocket masks are required for all CPR/AED for Professional Rescuer and Lifeguarding courses. Participants that do not have a personal pocket mask must pay for one during class registration. Purchased masks are provided in the classroom on the first day.
- Participants under the age of 18 must have their parent or guardian complete and sign a participant waiver form before the class. The participant must bring this completed form with them on the day of the class and give it to the instructor.
- For Blended Learning courses, the participants must complete the online components of the course before the in-person class date. They must also show proof to the instructors that the online content was successfully completed, otherwise the participant will not be permitted to take the in-person class.
- Notify the instructor of any physical considerations you have before class begins.
- Certification is not guaranteed. All participants must pass a written and practical exam. Refunds are not given if participants do not pass the class. For the pretest that is a part of the Lifeguard Training courses only, participants that fail the pretest will not be allowed to continue with the course but will receive a refund (minus the processing fee).
- Class transfers are not permitted. If you need to switch classes, you will need to submit a refund request (per the policies noted below) and then enroll in the new class you want to be in, if space is still available. Refund requests are accepted at the Service Center. All Red Cross class refund requests must be submitted on or before 5pm five business days before the first class session.
