Introduction to Ice Climbing in Rocky Mountain National Park
Information Sheet

This document outlines the basic information regarding the trip. More details regarding the trip may be provided or changed at the Pre-Trip Meeting. If you have further questions after reading this document, please see “Contact Information” below.

NOTE: This is NOT a Learn-to-Climb program. Participants must have prior climbing experience, for example the ability to belay, tie into the rope, and lower from anchors. If you have questions please contact the Assistant Director (contact info at the end).

Program Description:
Add a big dose of adventure to your winter—experience ice climbing and swing ice tools in Rocky Mountain National Park! This class will teach you the basics of waterfall ice climbing in a stunning location. Prepare for a long and strenuous day.
This trip is designed to introduce participants to the basic of waterfall ice climbing. Participants should have some familiarity and experience with top-rope climbing and belaying before the trip. Prior winter travel experience via snowshoes (provided) is helpful. Topics will include: risk management, terrain and route selection, equipment selection and use, basic ice climbing technique, and ice climbing protection.

Mandatory Pre-Trip Meeting:
All participants in the Ice Climbing in RMNP trip must attend a mandatory pre-trip meeting. The date and time of this meeting will be determined by the instructors and announced the week leading up to the trip. During this time important information will be discussed, and you will have a chance to meet your Trip Instructors and fellow participants, as well as ask any questions. If you cannot attend this meeting, please contact the Outdoor Program as soon as possible.

*IMPORTANT NOTICE*
By signing up for our trips, you have made a commitment to Colorado State University to attend any meetings scheduled by your trip instructor, as well as a commitment to show up for the trip itself. Your attendance is mandatory. If you fail to communicate or not show up, your trip instructor has permission to fill your spot on the trip with someone on the waitlist.

Itinerary:
The group will meet and depart the day of the trip at 6:00 AM. The group will return no later than 7:00 PM.

Meals:
The Outdoor Program does not provide food on day trips. Participants should plan their food and nutrition needs in advance – high calorie foods and snacks are encouraged (bars, jerky, etc.).

Refund Policy:
Participants withdrawing 10 days before the course start date are eligible for a refund subject to a $5.00 processing fee. Participants wanting to transfer courses should contact the Coordinator – Climbing Wall/Outdoor Program. Full refunds will be granted if the course is canceled due to weather, objective hazard, or low enrollment.
Drugs and Alcohol:
Drugs are never allowed on OP trips. Being under the influence of any drug or alcohol is prohibited. Alcohol is
not allowed on any OP trip in the field and/or transported to the venue. Participants caught using or being
under the influence of drugs or alcohol may be reported to the Office of Student Conduct.

Electronic devices:
As connections with fellow students and the outdoor world is a key value of the OP, use of cell phones should be
limited to picture taking and essential communication. If you have any questions about this policy please discuss
this with your Trip Instructor.

Equipment Checklist
This list details equipment provided by the Outdoor Program and equipment that participants are responsible
for securing themselves. If you have questions regarding what to bring, or what is provided please contact us as
soon as possible. Personal equipment is acceptable but is subject to approval by your trip instructor.

Equipment provided by the Outdoor Program
- Mountaineering Boots
- Ice Tools (axes)
- Crampons
- Technical Gear
- Climbing Harness
- Belay Device & Locking Carabiner
- Helmet
- Snowshoes if needed

Equipment Participants Are Responsible For Securing
- Stocking caps (one warm and another thin one for under your helmet is ideal)
- Face cover/buff
- Winter jacket (hooded is best)
- Fleece jacket/insulating layer
- Synthetic wicking base layers, top and underwear (no cotton)
- Puffy down/synthetic jacket (to keep warm while standing around)
- Gloves with dexterity; heavy gloves for belaying and standing around
- Snow/softshell pants
- Fleece Pants or heavy insulated underwear
- Wool or synthetic socks to fit your boots
- Sunglasses and/or ski goggles (highly recommended – ice shatters in your face!)
- Day pack (25-40L; big enough for puffy jacket, layers, gloves, water, food, etc.).
- Water bottle (x2; 1-liter)
- Sunscreen
- Lip balm w/SPF sun protection
- Toiletries
- Camera (optional)
- Thermos for hot drinks
Important Information for Participants:

Inclusivity Statement
The Outdoor Program in Campus Recreation is dedicated to creating a welcoming and inclusive environment for participants of all ability levels. It is our goal to provide support, assistance, and accommodation whenever possible to allow everyone to participate in Outdoor Program activities. Please contact Outdoor Program Assistant Director Rodney Ley at rodney.ley@colostate.edu at the time of your registration to discuss options.

Pre-trip meetings and safety
Our pre-trip meetings are designed to help you understand the physical activity involved and some of the potential risks and considerations of which you need to be aware. It is extremely important that you understand what is involved with your participation in the trip (i.e. required equipment/clothing, inherent risks and physical preparedness). If you do not understand, ask either the Trip Instructor prior to the departure of the trip. It is your responsibility to make sure you get all the information and your personal equipment before the trip departs. If at the end of the pre-trip meeting you decide that the trip is not appropriate for you, please contact the leaders to discuss your options.

Our expectations of you as a participant:
As a participant in our outings, you are expected to help out in such areas as setting up camp, cooking, and cleaning. If you are unfamiliar with how to perform these tasks, that's okay, we are happy to help you learn. Beyond helping out, it is imperative that you listen and pay attention to the leader(s) at all times. It is understood that everyone plays a role in safety, for your own safety for the safety other participants.

Environmental impact
On our outings we use a variety of public lands; therefore, it is important to not only minimize our physical impacts, it is also important to minimize impacts on other users. The Outdoor Program strictly follows the seven practices and principals of 'Leave No Trace.' We expect that all participants on our outings will do the same.

Health considerations and physical preparedness
Please inquire with us if you are concerned at all about not being physically prepared, we can help clarify the activity level that may be involved in our outings. If you have a health condition that may affect your participation please contact your health professional for specific advice. It is essential that we fully understand the effect any health condition or medication may have on your participation. Please tell your Trip Instructor(s) about any condition that may affect your participation in the trip.
